PROJECTS

E-Commerce Website for Online Nursery Store Plants & Accessories (07/2023 - 08/2023)
- Implemented a responsive design to ensure seamless user experience across various devices, fostering accessibility for a wide user base.
- Implemented HTML, CSS, ReactJS, and Bootstrap to craft an intuitive and visually engaging user interface, enhancing overall user experience and navigation.
- Collaborated with the design and marketing teams to seamlessly integrate branding elements, maintaining a consistent and appealing visual identity throughout the website.

OsFamily Salon Academy (08/2023 - 09/2023)
- Spearheaded the development of a responsive and visually appealing website for a prominent salon, enhancing online visibility and client engagement.
- Utilized HTML, CSS, JavaScript, BootStrap, and PHP to create an intuitive and user-friendly interface, resulting in a 20% increase in online appointment bookings.
- Ensured cross-browser compatibility and mobile responsiveness, enhancing the user experience across various devices.
- Monitored website analytics and user feedback, driving continuous improvements to enhance functionality and user satisfaction.

Blog Website (09/2023 - Present)
- Developed Blogio, a dynamic blog website using HTML, CSS, React JS and utilized React Form Hooks for efficient handling of forms.
- Integrated Appwrite for seamless backend functionalities and enhanced content creation experience with TinyMCE, a feature-rich text editor.
- Collaborated with content creators to integrate multimedia elements and optimize the overall blog interface, resulting in an inviting and informative digital space.

POSITIONS OF RESPONSIBILITY

Project Management Intern | HSR Hi-Tech Solutions Kolkata (08/2023 - 11/2023)
Collaborated with project managers to develop comprehensive project plans, outlining goals, tasks, and timelines. Maintained detailed project documentation, including meeting notes, status reports, and action items.
